

Modified M - Flowcells

We introduce the **new article number system** to the M-Flowcells as single items and the complete monitors with M-Flowcells and made some minor technical changes.

This concerns following monitors:

- AMI pH/ORP with M-Flow
- AMI Oxysafe
- AMI Solicon 4
- Single component M- Flowcells

Overview of changes

- **New Article numbers!** See overview below.
- Flow sensor deltaT must be ordered additionally.
- QV-Flow Option (white wheel) is not available anymore.
- Sample inlet and outlet is unified: Two 90° elbow hose nozzle 1/4" for 10mm tube
Pressure regulator (brown knob) is phased out, not available anymore.

Article numbers for Flowcells as single items:

Article name	Old article number *)	New Article number	Remarks
M-Flow 3PG For pH/ORP	A-83.412.xxx A-83.413.xxx A-83.414.xxx	Phased out	Replaced completely by M-Flow 10-3PG
M-Flow 10-3PG For pH/ORP	A-83.416.610 A-83.417.610	A-83.416.330	deltaT flowsensor and cleaning nozzle optional.
M-Flow M40 For Shurecon S	A-83.422.xxx	A-83.422.330	
M-Flow PG For Shurecon P	A-83.437.xxx	A-83.437.330	
M-Flow G1 For AMI Oxysafe	A-83.438.xxx	A-83.438.330	

*) The x in the article numbers represents the different options such as cable lengths, flow detection, pressure regulator etc.

Modified M - Flowcells

Additional changes for all monitors with M-Flowcells:

- **AMI Oxysafe:** Sensor Oxysafe must be ordered additionally.
- **AMI pH / ORP:** pH and ORP sensors must be ordered additionally. Temperature probe and 2 cables are included.
- **AMI Solicon4:** Conductivity sensor is included.
- Flow sensor deltaT is optionally available and recommended for all monitors.

AMI monitor with modified M-Flow and optional deltaT flowsensor.

Article numbers for monitors

Monitor name	Old article number *)	New Article number	Remarks
AMI pH/ORP with M-Flow	A-21.22x.xxx	A-21.221.050 (AC) A-21.222.050 (DC)	PT1000 temperature sensor and 2 sensor cables included
AMI Oxysafe	A-22.60x.xxx	A-22.601.040 (AC) A-22.602.040 (DC)	SS Oxysafe NOT included.
AMI Solicon 4	A-23.42x.xxx	A-23.421.020 (AC) A-23.422.020 (DC)	Shurecon P sensor included
AMI pH/Orp with QV Flow	A-21.21x.xxx	A-21.21x.xxx	Remains currently as it is
AMI pH/mV:pH/mV		A-21.321.020 (AC) A-21.322.020 (DC)	Exists only with new M-Flowcell

AC: 100-240VAC / DC: 24VDC

Ordering details

Article numbers and price information are updated on the price lists.
Check carefully that you order the correct sensors with your monitor.

New orders starting from August 13th 2012 will be delivered with modified flowcells.

All items are also available on our webshop on www.swan.ch (login section).
